“ Dear Jim, Sara & Emily,

My deepest condolences for your loss. Lori was a beautiful person inside and out—a gifted doctor, a wonderful wife, and an incredible mother. Though we did not see each other very often, when we were together we always picked up right where we left off. She always spoke about how she was so proud of her daughters and how much she loved her family. I will miss Lori very dearly; especially her amazing sense of humor as well as her care and compassion for everyone she encountered. I will keep you in my thoughts and prayers during this difficult time, and I hope that the loving memories of Lori bring you peace, comfort, and strength.

Love,  
Cousin Maria Tigri

“ Dear Jim, Sara and Emily, May the beautiful memories of your wife Jim and your mother Emily and Sara, sustain you during this difficult time. Lori was a brilliant; funny, kind, and generous person. She cared about her patients and her community and generously volunteer her time to help others in need. Her pride and joy was her happy marriage to you Jim and your two beautiful daughters. On a more personal note she was an awesome cousin. I am so grateful to have many memories of visiting her at your grandparents house. Lori was always one of my favorite cousins, so fun and easy to be with. As we grew into our adulthood, life and distance kept us from seeing each other but when we spoke to each other on the phone it was as if we were never apart. Sara, Emily she always said you were her greatest gift and joy in life, how she loved you both! Please know that I am here for both of you and would love to share some great stories of your mom. I will always think of her with a smile on my face and love in my heart!

“ To all those that Lori loved so dear,  
My deepest condolences for your loss. There are no words to express the sadness in my heart. Lori was a beautiful person, filled with love, empathy, and compassion. She had the most beautiful smile and loved to laugh. Distance nor time never made a difference in conversation, she was always welcoming and loved to catch up. She will truly be missed. Her life has not ended, but merely changed. God will put her in a special place where she will be watching over you, the people who loved and cherished her. May Lori Rest In Peace.  
I will keep you in my thoughts and prayers during this sad and difficult time.

“ Dear Jim, Sara and Emily,  
My deepest condolences in the passing of your beloved wife and mother. Lori and I were first cousins. We didn't see each other often, but when we came together at family gatherings, we made up for lost time! Lori was intelligent, loving and very humorous. She was a "Ferraro" first, so she had the gift of gab! During 911, your mom called to check on me to see if I was okay. She was a caring and gifted doctor. Her face light up when she spoke about her family. She will be missed everyday and will never be forgotten. Her spirit will live on through you all!
