“ To Anita's family, I am so very sorry to learn of the passing of my dear friend. I met Anita while working at Machlett's Laboratories and our fondness for animals formed an unbreakable bond. I adopted one of Anita's gorgeous puppies (she called them Shih's a las, a combination of a Shih Tzu and a Lsaha Apso) and we became great friends. I recently lost my husband of 57 years due to a long illness and I have not kept in contact with Anita but often wondered how she was. Please accept my sympathy on her passing.
