“ Uncle Charles-I will always remember all the hours of lengthy chats about cars. I still remember like it was yesterday all the classic Corvettes in Gramps garage. Then the TA's. You planted the seed to my fascination of cars. You were always there for me when I needed to ask you questions about my latest project. You would always tell me how much better it made you feel talking "Your talk". I'm glad I was able to put some sunshine in your day. You will be terribly missed but not forgotten. The journey will continue and I know in my heart you will still be by my side. Love you,Dawn
