“ *I need help! We are trying to bring about cagnhes to our current Before/After care program, particularly in the evening. We have K-5 from 3:30-6pm and parents picking up any time. Our current teacher is convinced that curriculum is impossible. The children get outside play and homework time, but after that it is all free play with no learning going on. I don't have experience with this type of program in particular, but I believe we could be doing so much more. Can you help me with types of schedules we might do or a sample lesson plan? We are looking for a new teacher who will be open to change. Thank you!*
