“ *Diane always had a story to share, wisdom to impart and could always make you feel everything would be ok. We lost a true angel.* ”

“ *We are so saddene by this news. I met Diana at Alphastar and was so happy tp work with such a positive and outgoing soul. If I had never met Diana and her wonderfeul children, we would have never ridden a jet ski, got drunk at Burp Castle, fed Barracuda raw steak off a dock in Fort Lauderdale and enjoy the best veal and peppers in Stamford.. Rest in peace our friend,,, Mark & Julie* ”

“ I remember Diane as a kind, friendly and helpful person, always ready to lend a helping hand. She lived in my building on Bedford Street and she was always pleasant to see and talk to. We became friends and exchanged phone numbers and she would often reach out to me. Met her beautiful daughter Elaine and I know they shared so much together. Diane will be missed and remembered for all the good she did and the joy and comfort she brought to others.

“ *In Loving Memory of Diane*

I was deeply shocked and saddened to hear of Diane's passing, especially so soon after our last conversation. My memories of Diane go back to when we were just 13 or 14 years old, meeting at a school dance. From that moment, our friendship grew, shared with mutual friends and filled with adventures—dances, horseback riding at Long Ridge Stables (her love for horses never faded), and days spent at the beach.

As life often does, we drifted apart before high school graduation, each moving into college and adulthood. But fate brought us back together years later through my mother, who had formed a close bond with Diane over shared heartbreak and loss. It seemed between Diane and my mother, they knew everyone in Stamford—and probably shared a distant connection through marriage!

Diane was one of the most intelligent and quick-witted people I've ever known. She had a remarkable depth of knowledge and a sharp sense of humor that could brighten any conversation. She was always quick to smile and even quicker to laugh. Our talks became sounding boards for every topic imaginable, and in that way, we were kindred spirits.

I will deeply miss her charm, her wit, and most of all, the warmth of her smile and laughter. My heartfelt condolences go out to her children. I know the pain of losing a mother, a brother, and a dear friend. May Diane's light continue to shine through all the lives she touched.

*With love and sympathy,

“ Our deepest condolences on the passing of Diane. She was a truly special person, always going out of her way to help others. We had the privilege of working together to support her clients, sharing exciting stories from her life, and hearing how deeply she loved and was endlessly proud of her daughter.

Her passing is heartbreaking, but we take comfort in knowing she is now at peace, free from worry, and surrounded by happiness. Our prayers are with her soul and her family during this difficult time. Diane, you will be dearly missed.

“ I met Diane over 20 years ago through my friendship with her son, Gerry. Even before I met Diane, Gerry spoke highly of her accomplishments, intellect, and resilience. Diane was an excellent communicator, had an incredibly diverse professional life, was always willing to guide, and had the intellectual flexibility to connect and listen at any level. But more importantly, you remember how people treated you: Diane was kind, cared about how you were doing, and even supported me, as many others, with her deep real estate expertise and professional experience. Although we have not seen one another for many years, we would check in with each other, and remained connected during our conversations, and life updates as we went through the stages of life. Regardless of age, time, and growth as people, our connection never wavered and it became one of the pillars of time and life in some way. I always felt that my friendship with Diane was an extension and continuation of my friendship with Gerry, and in a way a connection back to him no matter how much time had passed. We last spoke on September 17. I was traveling abroad and she had reached out to me to reconnect. We checked in with each other—the simple, kind, gestures of life that matter. I am glad we got to speak, reconnect, and be good to each other one more time. Thank you Diane. Soar and give Gerry a big hug for me - Helio.

“ I am so sad to hear this. I met Diane through Pat Young Cosentino. They were besties and partners in crime in school. I always remember one day Diane and Pat didn't like what we were being taught in the classroom and they both walked right out. I knew then that I liked them. My sincere condolences to Diane's family. Diane and I spoke just a few months ago about Pat who has been in a nursing home for several years. Diane wanted to see Pat but was waiting to get better. Rest in peace my friend. Ronnie Tella

*I was so sad to hear of Diane's passing. Although we didn't stay in touch as adults, as teenagers we spent fun times together for a week for a number of summers. My part of the Fragomeli family is in Middletown, NY. We did try to visit whenever our parents had the time. We had fun and sort got into trouble, but nothing serious. From one cousin from NY (now in FL) to my cousins in CT. my deepest sympathy and prayers to all of you. July 10th and July 11th will always have special meaning for me. Rest in peace, Diane.
