“ Anna and family, I am truly sorry for the loss of my friend Frank. We go back more years than I can remember and I have so many very fond memories of times we had together. The lines between our families were blurred and at times it was as if I had an older brother. Even though I didn't see him often in person I always knew he was there and for the past several days I miss him badly a void in my heart. I will carry my brother with me always. Rest In Peace my dear friend
