“ There is a bracelet that many Christians have to remind them of Jesus that has the initials WWJCD- "what would Jesus Christ Do" whenever you are presented with a problem. I think it should read "What would John Cheng Do" as he was a person with deep integrity and love for his fellow man.dave

“ John was the kind of friend against whom all other friendships are measured. Now everyone will have to be a little kinder, smile a little more and laugh a lot more to bring the world back in to balance. Good night, Sweet Prince.
