“ To know a Funicella is to know that a table is never full until you are there, a tradition is kept by those who are held dearest, a laugh is felt deepest when its breath is caught by a friend who has become family. Through Luigi’s vision so many people were included in the understanding of family. We should all be so lucky to know a Funicella; for those that are have, know they are part of a family for life. My condolences to all.
