“ I had the pleasure of knowing Norm since 1987 when we worked together as firefighters in the Springdale Fire District and eventually the Stamford Fire Department. Norm loved being a firefighter and an Emergency Medical Technician. When the opportunity came to become a Connecticut certified fire marshal he took the classes with enthusiasm. Norm was a lot of fun to work with and taught me to have as much fun as we could while serving the community. He also taught me how to treat people during potentially the worse day of lives. He will be missed and I will cherish his memory.
