*“ Marge and Anne and the entire family
I am si sorry to hear of Pauls passing. He was and will be kept in my memories. He loved to be alone and told me to hurry up when i went over to check on him and make sure he took his meds and make his sandwiches and clean up and do his laundry ...he wanted things done super fast. I loved hearing his stories about the family. He loved to eat his apples with a knife and loved that recliner and his tv. I will miss him*

“ When we were kids, you could always count on Uncle Paul to give you a dime or a quarter to go to Candy Kitchen for penny candy. :) One summer, we had fun putting his golf balls in a vice in the garage and sawing them open to get the super ball that was at the center of it....it was fun until he caught us. He also liked to garden....veggies from seeds he saved. When he made chicken soup, he didn't peel the onion....just put the whole thing in the pot. He also picked dandelion greens out of the lawn and put that in the soup. He said, "You gotta get your greens." Therefore, he was the only person who ate his soup. But, he lived to be 87 !!! Maybe it was the soup.
