My brother Sam was a family man, a lover of people and a caring, generous individual with a big heart!

He was committed to his family. Growing up in Siparia, he ensured that we had food on the table. Every month, he came like Santa Clause with food and goodies.

He always wanted what's good for us. In fact, he made sure I was always attending church. In addition, he assisted his siblings who expressed a need.

He was so proud of his children and their accomplishments, in every conversation, their names rolled off his lips comfortably.

Sam loved people and so he was kind, caring and generous to them in every way. He helped wherever and whenever he could to ease or give relief to them.

His caring heart lead him in his career path as a nurse and later as a personal caregiver administering professional care to others.

Anyone who entered his home was sure to be treated with abundance of sumptuous meals

as he was very hospitable.

In our recent chats, (as he was always checking on me to ensure I was maintaining good health), he would give advice on healthy living but never failed to highlight how important it was for him, "to talk to the big man up dey, yea boy I doh make joke to tell him everything"

I sure would miss his calls but look forward to that great reunion.

“ I met Uncle Sam twice and I must say he had a big heart and could cook a delicious rice dhall and curry chicken, he was so kind to us and a jovial person, the first time he met my husband and I he gave us movie star names and I am sure if he had met my little one he would have also given her a movie star name. May God give his children, brothers, sisters, family and friends and also my aunts who I knew would miss him dearly solace and strength at this time.
God but not forgotten .

“ My Brother enjoyed singing, especially on Friday evenings for Family worship upon welcoming the Sabbath. A man who knew how to shine his shoes, you could literally see your face on it. A squeaky clean man he was indeed.

His Parents he loved dearly and the first refrigerator for them was purchased by your truly.

After he completed High School, he would then take the Entrance Exam for Nursing and would then advance to the Nursing Field, where he would then become a Registered Nurse.

From then on, he would go on to Explore his Adult Life, where in the progressing years, he would then find his Beautiful Wife Valerie.

They would then together be blessed with 4 Beautiful Children, Petal, Cindy, Mark & Nicolette.

A Family where there Home was always ready & open for all the Entertainment that will be taking place in the years that came ahead.

Fun, Fun Big Cook Outs, Barbecues.....which he enjoyed cooking to the Max, Calypso Music Galore, Fete til yuh sweat 😊!

A totally Generous Person he was indeed!

I am sincerely going to miss my Brother and now, may he “4ever Rest In Peace”!

We will see you in the “Resurrection Morning”!
