Tribute Wall

“ I had the privilege of working alongside Victor for 10 years. I say privilege because he was the consummate professional. There were no shortcuts in any task that he performed and in an era of relaxed work attire, Victor was always a well-dressed standout. During the years we had many technical discussions that often-included elevated voices. However, each of these discussions concluded with common technical solutions and more importantly a smile on both faces.

It took me a while to listen attentively to Victor's comments because his dry sense of humor was often interspersed with the topic at hand. I will miss our technical discussions, his sense of humor but most importantly I will miss my friend.

“ Victor will be dearly missed by all who knew him. We worked together for 5 years, and I will cherish the memories working alongside and with him. His dry wit and deadpan delivery made him standout where others are dreadfully boring. Victor was anything but. Victor will be forever in our hearts

“ I had the privilege of working alongside Victor for 18 years, during which time he became not just a colleague but a good friend. Even though I worked remotely, we spoke nearly every day, and his fantastic sense of humor and quick wit never failed to lighten the mood, he was a pleasure to work with and he was always willing to lend a helping hand or share his insights. His loss is a profound blow to all of us who had the honor of knowing him. He will be deeply missed. Rest in Peace Victor - Keith
